

iAnnotate PDF

THE UNIVERSITY OF
WESTERN AUSTRALIA

Achieve International Excellence

First Step

Select the iAnnotate icon on the iPad

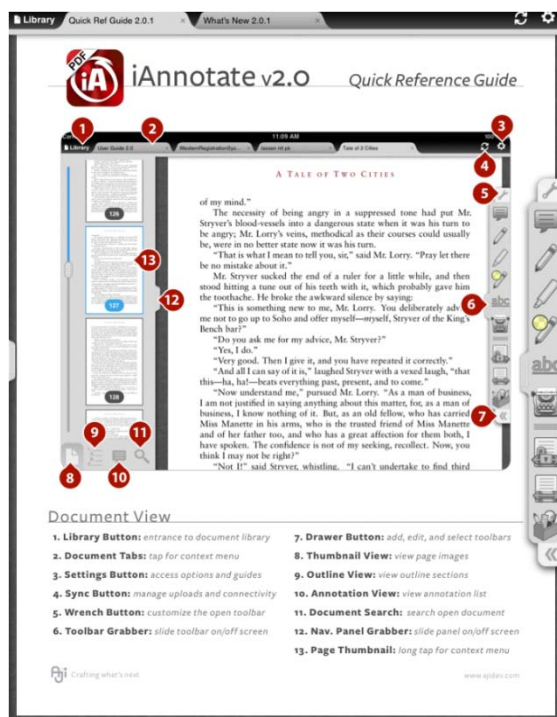

Second Step

The tutorial will come the first time the application is opened, click "Next" to go through the tutorial

Quick Reference Guide

To view the Quick Reference Guide, select the "Quick Ref Guide 2.0.1" tab. This will explain the functionality of the toolbars

Opening a PDF

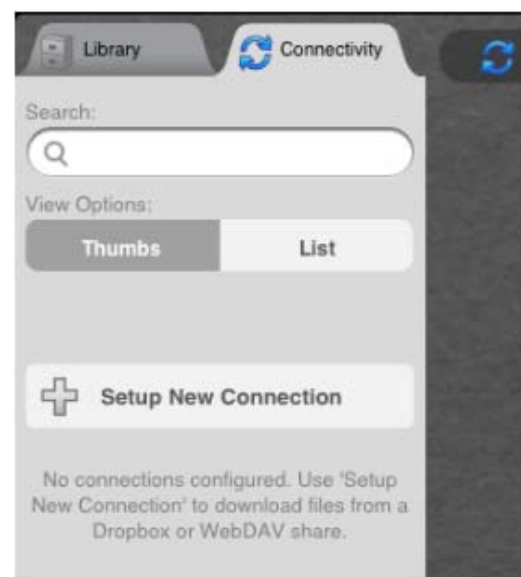

To open a PDF that has been downloaded to iAnnotate, select the "Library" tab and select the PDF file

Download PDFs to iAnnotate

To download PDF files to iAnnotate, select the "Library" tab

Select the "Connectivity" Tab

Select "Setup New Connections"

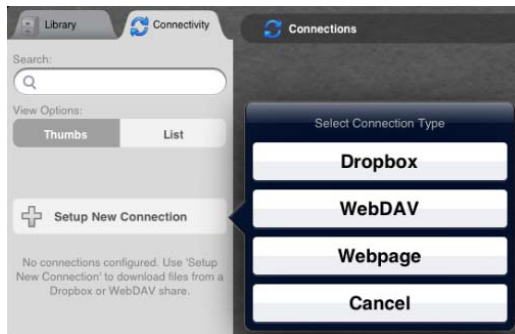

This will present three options for accessing PDF files:

- Setup a Dropbox Connection
- Set up a WebDAV connection
- Set up a Webpage connection

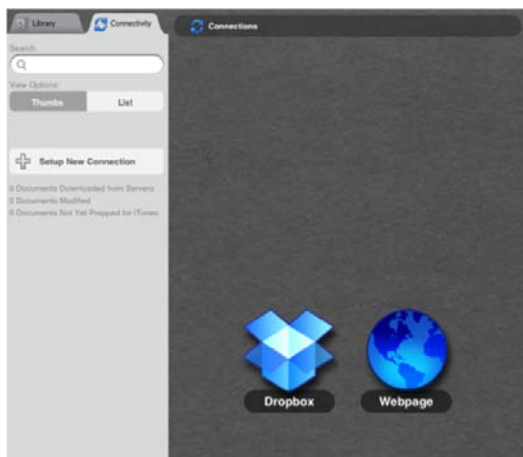

iAnnotate PDF

THE UNIVERSITY OF
WESTERN AUSTRALIA
Achieve International Excellence

The connections that are set up will be available under the connectivity tab

Select a connection and select the PDF file to download it to the iAnnotate Library

1. Setup a Dropbox Connection

Select Dropbox from the "Setup New Connection" menu

Enter a name for this Connection to distinguish it from other connections you may set up

Enter your email address and password to connect to Dropbox

Select "Setup Connection"

2. Setup a WebDAV Connection

Select "WebDAV" from the "Setup New Connection" menu

Enter a name for this connection to distinguish it from other connections you may set up

Enter the WebDAV URL and the username and password to connect to the WebDAV URL

Select "Setup Connection"

3. Setup a Webpage Connection

Select "Webpage" from the "Setup New Connection" menu

Enter a name for this connection to distinguish it from other connections you may set up

Enter the URL of the webpage

iAnnotate PDF

THE UNIVERSITY OF
WESTERN AUSTRALIA

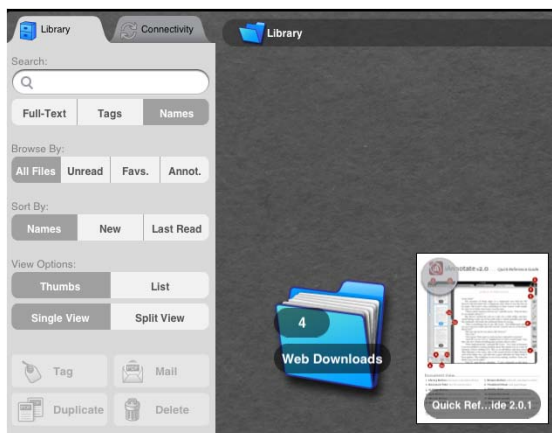

Achieve International Excellence

Select "Setup Connection"

When you select the Webpage connection from Connections it will take you the webpage. Select a PDF to download it

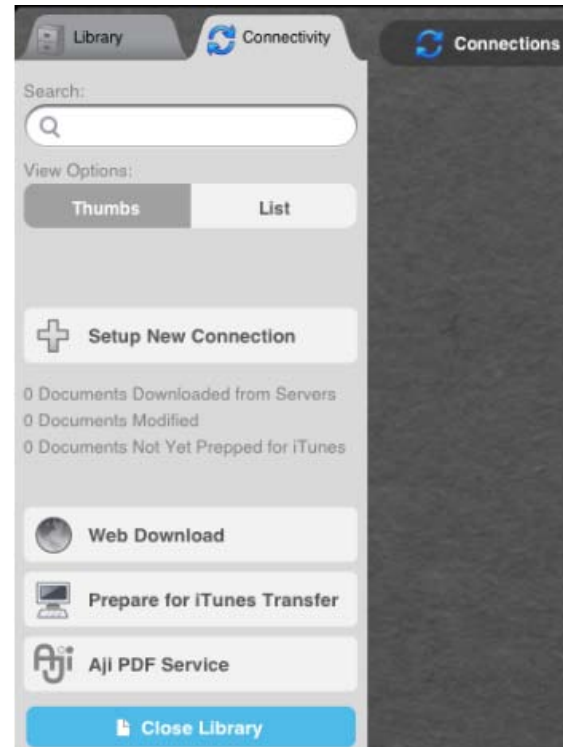

Any PDF files you download from a webpage will be stored in the "Web Downloads" folder under "Library"

Web Download

Web Download can be used to download a PDF file from a webpage without creating a Webpage connection

From the Connectivity tab select "Web Download"

A web browser will open and you can browse to the PDF file (To return to iAnnotate, click on the "X" on the top right of the web browser)

Select the link to the PDF file. This will download the PDF file to the "Web Downloads" folder under "Library"

To open the PDF, on the bottom of the web browser, click on the red arrow next to the name of the PDF file

Step one Step two Step three Step four Step five Step six

File Format: PDF/Adobe Acrobat
