Unifi on iPhone, iPad and iPod Touch

Step one
From the home screen, select “Settings”.

Step two
Select “Wi-Fi”.

Step three
Turn the Wi-Fi switch "on". A list of networks will appear. Select "Unifi".

Step four
Enter the following details:
- **Username**: UWA student number
- **Password**: Your Pheme password.
Press “Join”.

Unifi on iPhone, iPad and iPod Touch

Step five

On the following "Certificate" screen, click the "Accept" button.

You are done!

After a few seconds a tick should appear next to the “Unifi” network to tell you that the connection was established successfully. You now have Internet access.

Doesn’t work?

Help is available! But before coming for help, please try the following:

- Double-check your UWA person ID and Pheme password are correct and have not expired.
- Move around to ensure you are in a location with good wireless reception.
- Ensure you have version 2.0 of the iPhone operating system or greater installed.

Still doesn’t work? Help is available!
